FILIBUSTER STOPS PASSAGE OF BILLS

President Blames Senators Who Obstructed Congress For Impaired Efficiency

LEAVES FOR TRIP TO PARIS

Congress Indignant as Old Session Dies Because Wilson Did Not Call Special Session

(By United Press.)

Washington, Mar. 4.—The 65th congress died at noon today following a filibuster from 7 a. m. by Senator Sherman, which prevented transaction of any important business during the closing hours. Many important bills remained unpassed as the result of the filibuster.

Immediately after adjournment President Wilson issued a statement to the country in which he laid upon senators who "obstructed" passage of the appropriation bills, the sole responsibility for "impaired efficiency" if the government, which he said would result while he was in Paris.

He declared that it was his duty to be in Paris at present and that "if I called a special congress I would have to remain at Washington."

He left for New York, the first part of his journey to France, at two o'clock this afternoon.

The president felt confident that the people will force the senate to ratify the league of nations agreement when the time comes.

In his speech tonight the president will make his final appeal to the people to support the league of nations, before his return to the peace conference.

Shortly before the congress adjourned, the president went to his office in the capital where he signed important bills passed during the last days of the session. He said farewell to his cabinet and other public officials.

The congress was indignant over the president's refusal to call a special session. Congressman Moses of New Hampshire, republican, issued a statement, in which he said that it was due to Wilson's removal from the limelight that he failed to issue a call for a special congress.

MAX BEARD GIVEN 30 DAYS FOR THEFT

Is Also Fined \$1 and Costs by Judge Sparks For Stealing a Sack of Coal

DIVORCE SUIT DISMISSED

Max Baird, who was arrested by a Big Four detective February 23 for stealing a sack of coal, today began serving a sentence of thirty days in the county jail, which was imposed on him yesterday afternoon in circuit court by Judge Sparks. He was also fined \$1 and costs. Baird pleaded guilty to a charge of petit larceny February 28 and the case was taken under advisement by Judge Sparks.

On motion of the plaintiff, the divorce suit of Ida Mae Downey against Leslie E. Downey, was dismissed and the costs paid. Part of the evidence in the divorce suit of Frances Inderrden against Joseph C. Inderrden was heard yesterday and taken under advisement. The defendant defaulted. The case of Arsula Curry and others against the Pinnell-Tompkins Lumber company was sent to Hancock county on a change of venue. The case of Charles S. Williams against the Hoosier Warming and Ventilating company and Donald Mull, former trustee of Walker township, has been dismissed and the costs paid.

FOR VIOLATING AUTO LAW

Joseph Derrin Running Without Muffler, Fined \$1 and Costs

Joseph Derrin of Noble township was fined one dollar and costs late yesterday afternoon in mayor's court. Derrin was charged with operating a machine without a muffler. The legislature has passed a law to the effect that operating a machine without a muffler or with the exhaust opened is a state offense. Many local machines are being operated without the mufflers and with open exhausts and a warning is given by the mayor to these persons to equip their machine properly and avoid being arrested.

MIKE PECKINPAUGH DIES OF INFLUENZA

Former Rushville Man Expires at His Home in Waynesville South of Columbus

BODY TO BE BROUGHT HERE

Mike Peckinpaugh, age fifty-seven years, for many years a well known character in Rushville, died last night of influenza at his home in Waynesville, Bartholomew county, south of Columbus. He left here about a year ago with his father to take up residence in Bartholomew county. Mr. Peckinpaugh gained local fame as a fisherman and was known for his devotion to the Odd Fellows lodge. He was a member of Franklin lodge No. 35 here from 1892 until the time of his death, having transferred his membership here from the Morristown lodge. Mr. Peckinpaugh was born and reared in the vicinity of Clarksburg, but spent the greater part of his life in Rushville.

Besides his father Dan Peckinpaugh, he is survived by two sisters, Mrs. Will T. Britton of Anderson and Mrs. Charles Jim of Waynesville. The body will be brought here tonight or tomorrow morning for funeral services and burial, which will be in charge of Franklin lodge.

SALARY INCREASES RECEIVE A KNOCKOUT

Three Bills to Add to Pay of Officials Killed by House Committees Reports Today

SENATE TAKES UP TAX BILL

Indianapolis Ind., Mar. 4.—Proposed salary increases were given knockout blows in the lower house of legislature today when the following bills were killed on committee report: By Southard, increase the salary of officials of cities of the fourth class; by Harris, allowing councils in cities of 2nd, 3rd and 4th classes to increase salaries of officials; by Right, placing county surveyors on salary basis.

Representative Behmer introduced a motion asking that the house concur in the senate amendments to the highway commission bill. The motion is to be taken up this afternoon. Two other similar motions were defeated. The house this afternoon took up the special appropriation bill.

In the senate the tax bill was under consideration. Amendments had been prepared for several senators to restore the bill to its original form, as it is declared that it will be ineffective if passed as now worked. Among the important amendments proposed was one providing for a 100 per cent valuation of all property.

The Symons bill allowing banks which are members of the federal reserve system to operate under the federal legislation with regard to banking balancing, was passed by the house.

MISS MARY BOWEN RECEIVES A MEDAL

Former Rush County Girl is Honored by French Government For Devotion to Duty

WAS WITH BASE HOSPITAL 32

Went Overseas With Indiana Unit and Was in Germany With Evacuation Hospital

Miss Mary Bowen, formerly of this county, has received a medal of honor from the French government for extraordinary devotion to duty. Miss Bowen who was born and reared here, is the daughter of Isaac Bowen and a niece of Mrs. Elizabeth Dill living north of the city. Miss Bowen went to France with Base Hospital No. 3 as a nurse and was with Evacuation hospital 14 when the armistice was signed.

According to a letter which Miss Bowen wrote to an Indianapolis woman, the medals were presented to the former Rush county girl, together with twenty-five other nurses and a number of officers and enlisted men at Base Hospital No. 57 "for extraordinary devotion to duty and a souvenir of their honorable and courageous conduct" in nursing.

In her letter, Miss Bowen wrote: "The medal came as the greatest surprise in the world to me, but I must say I am both happy and proud to have it. I feel I stayed in Germany long enough but would not be surprised should I be sent back there. I was one week in Coblenz before returning. I went in with our army and it was a most wonderful sight. Few were so fortunate as to witness it. Only two evacuation hospitals went in at that time No. 2 and No. 14. Others came in a few days later. I am in a hospital which was formerly the American Art Studio. Continued on Page Three

FIVE ROADS CONTRACTS WILL BE LET MARCH 29

Commissioners Advertise for Bidders on Highways, Two of Which Will be Cement

ELECTION EXPENSE \$721.86

The county commissioners, before adjourning their regular March session late yesterday afternoon, ordered the county auditor to advertise for bids on five roads, to be received Saturday, March 29. These will be the first road contracts to be let by the commissioners this year.

Among the roads advertised are two permanent highways, the Willard Tribby road which is seven-eighths of a mile long and runs north from the intersection of the Brookville road and the Carthage pike in Arlington and the John G. Beale road in Rushville township, both of which are to be built of cement. The original report of the reviewers on the Beale road was for macadam, but reviewers were appointed on petition of the petitioners for the road, and they reported for a cement road. The other three roads ordered advertised yesterday will be built of stone. They are the Chester Cross road in Jackson township, the William T. Moore in Richland township and the Fred McManus road on the Center-Jackson township line.

Among the claims allowed yesterday were those for the expense of the special county hospital election a week ago today, which amounted to \$721.86. The county saved considerably more than this sum by the passage of the new law the day before the election, providing that an inspector and a clerk should compose the election board in each precinct, instead of the inspector, two clerks, two sheriffs and two judges used in general elections.

ATONEMENT IS STARTING POINT

Without it Religion Would be Helpless and Hopeless, Evangelist Miller Declares.

METHODIST REVIVAL SERMON.

Morning Prayer Meetings Begin and Will be Held Each Day in Week Except Two

"The atonement is the starting point in the Christian life", stated Evangelist Miller in his sermon at the St. Paul's M. E. church last evening. "Without it, religion would be helpless and hopeless. Nothing can take the place of the atoning blood of Jesus Christ and without the shedding of blood, there can be no remission of sins".

From the standpoint of reason as well as spiritual importance the speaker pointed out the necessity of the atonement. A convincing argument for this step in Christian life was presented by the speaker in showing the legal aspect of the atonement as a means of reaching the spiritual life. His talk was convincing as well as interesting.

Evangelist Miller will continue to speak on important phases of Christian life at the meetings which will be conducted at the Methodist church each evening except Saturdays, for the next three weeks. Mrs. Miller is also here and will assist in the meetings.

The large chorus choir of about thirty voices, directed by the Rev. C. S. Black, leads in the song service which precedes the sermon each evening. Last night, a duet was rendered by the Rev. Mrs. Black and Mrs. George Hogsett and each evening, special number will be given.

As a part of the revival services morning prayer meetings started this morning. Ten were conducted at 9:30 o'clock at the homes of the members, one meeting in each of the units of the church. The meetings will be conducted each morning for the coming three weeks with the exception of Monday and Saturday at 9:30 o'clock.

The schedule of prayer meetings for tomorrow morning is as follows:

Unit No. 1, with Mrs. Robert Dyer, 325 West First; Unit No. 2, Mrs. William Gordon, 413 North Morgan; Unit No. 3, Mrs. F. E. Wolcott, 606 North Harrison; Unit No. 4, Mrs. Fannie Smith, 815 North Harrison; Unit No. 5, Mrs. A. L. Aldridge, 215 North Perkins; Unit No. 6, Mrs. Guy Abercrombie, 613 North Perkins; Unit No. 7, Mrs. Floyd Hogsett, 830 North Perkins; Unit No. 8, Mrs. Gates Ketchum, 431 West Third; Unit No. 9, Mrs. Amos Baxter, 628 West Seventh; Unit No. 10, Mrs. Oscar Eden, 802 North Sexton; and Unit No. 11, Mrs. Frank Windler, Circleville.

Everybody is urged to attend one of the prayer meetings to spend thirty minutes in prayer and planning for the success of the revival campaign. A white flag marks the place of meeting.

IN CASUALTIES SECOND TIME

John Heckman, Wounded Aug. 22 is Again Mentioned in List

John Heckman, son of Mr. and Mrs. Henry Heckman, living northwest of the city, who was discharged from the service and arrived home in January, will read in today's government casualty list that he has been wounded, degree undetermined. Mr. Heckman was wounded, but it was six months ago, August 22, 1918, and his name was in the casualty list of October 7, following. At that time he was listed under the heading "Wounded Severely." Mr. Heckman, who was formerly a private in Company K, 47th Infantry, was never wounded but once.

SENDS A DRAFT FOR \$4,000

Ralph Payne, County Treasurer, Forwards Cash For Armenian Fund

In response to a request from A. W. McKeand, state director of the Armenian and Syrian relief campaign, Ralph Payne, county treasurer has forwarded a draft for \$4,000. In an explanatory letter he stated that cash on hands in the county fund amounted to \$4,018.88, and that between \$200 and \$300 which had been pledged, yet remained to be collected. This, he estimated, together with money which has already been sent direct to the New York headquarters of the fund, will almost make Rush county's quota of \$4,950.

AUTOMOBILE SHOW WILL BE HELD HERE

Rushville Dealers Arrange For Exhibit to be Staged in Old Modern Appliance Building

TO TAKE PLACE MARCH 20-21

Rushville dealers will hold an automobile show in the building in West Third street, formerly occupied by the Modern Appliance company, on Thursday and Friday, March 20 and 21, it was announced today following a meeting of the dealers last night when committees were appointed and an organization to arrange for the show was perfected.

Eighteen different makes of cars will be on display at the show, representing the machines which are sold by the nine Rushville dealers who will co-operate in making the exhibit. The committee on decorating plans to convert the interior of the building into an attractive place and the committee on music today began making investigations about a big orchestra which will be engaged to play afternoon and evening of both days. The dealers will spare no expense to make the show a success, it is declared.

The auto show will be the first thing of its kind here although dealers have held shows of their own. The Modern Appliance company building forms, an ideal place for such an event and large crowds are expected.

LOCAL GIRL FIGURES IN AN AUTO ACCIDENT

Miss Mayme Kuntz Driving Car Which Fatally Injured Horse in Connersville Monday

MACHINE WAS JOHN MILLER'S

Miss Mayme Kuntz of this county figured in an automobile accident in Connersville yesterday afternoon. According to the report received here, Miss Kuntz was driving a car belonging to John Miller of this city and as she was driving down Central Avenue, Herbert Hosey drove a horse from Court street into the avenue and it was struck by the car. The horse suffered a broken leg and was shot a few minutes afterwards, following an examination by veterinarians who reported that the most humane thing to do was to kill the animal. The buggy was turned completely over but Mr. Hosey was not injured.

According to the report, Miss Kuntz was not driving at a great rate of speed. The car was a large one and was moving slowly. Miss Kuntz borrowed the car to drive to Fayette county to visit her parents, who live at Columbia, and was on her way there when the accident happened. The machine was well to the right side of the avenue when the accident occurred and little blame can be placed on Miss Kuntz.

LENTEN SEASON BEGINS TOMORROW

Forty-Day Period Observed by the Catholic Church Will End on Easter Sunday April 20

REGULATIONS READ HERE

Rules For Fasting and Abstinence Are Modified—Some Are Exempted From Fasting

Tomorrow will be the first of Lent, the forty-day period which is observed by the Catholic world with a regularity that makes it a time of great meaning to persons of that faith. The regulations issued for the Indianapolis diocese were read in St. Mary's church here Sunday.

The rules for fasting and abstinence have been modified, one change being the abolishing of the law forbidding fish and flesh at the same meal.

Special services during Lent will be held at St. Mary's Church each Wednesday and Friday nights. The Lenten season will end on Easter, which this year falls on April 20. Easter has not fallen on so late a date as this during the present century.

The fact that Easter comes so late this year is expected to be pleasant, rather than otherwise, to those who make it a day of fashion and the parade thereof. Many a time in the last ten years Easter, coming in March, was a day of high winds and falling waters, streaming window panes and dark skies. Such a day, for the purposes of fashion's displays, was equal, of course to none. With the season working as it now is, and with the twentieth of April so far away, there is reason to expect that Easter Sunday will dawn fair and balmy and bright, and will remain so, cloudless and calm, from morning until the sun shall have gone down again.

Ash Wednesday, the Fridays and Saturdays in Lent, the Ember days, the vigils of Pentecost, Assumption, All Saints and Christmas are days of abstinence and fast, but owing to the present condition of public health, according to the Catholic church Lenten rules, the whole diocese is exempted from the law of abstinence on Saturdays in Lent, except on Good Friday.

TO FUNCTION AFTER PEACE SETTLEMENT

League of Nations Will be Ready For Service Early Next Fall—Details May be Changed

NEUTRAL ADVICE TO BE ASKED

(By United Press.)

Paris, Mar. 4.—The league of nations, it was believed by officials today, will start functioning soon after the general peace settlement is effected, not later than early fall.

The majority of the peace delegates agreed that the present draft represents the world view as nearly as possible and that it will be adopted. Many of the details will undergo some slight changes when the constitution comes up for debate before the general peace conference. Numerous suggestions have already been received from neutral countries and others will be asked to offer ideas.

Discussion of military, naval and air terms and the preliminary peace with Germany will be discussed again Thursday by the Supreme War council. Plans for reduction of the economic blockade is being held up by the French continuing to refuse permission for Germany to pay with money and securities what might be available reparation. Members of the food administration hope to straighten out the situation soon.

TO RELEASE HOSTAGE.

Washington, Mar. 4.—The British government has ordered the government of India to release one of the Bolshevik hostages held by them in exchange for American Consul Roger C. Treadwell, held by the Bolsheviks at Cashkend, the state department announced today.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

LENTEN SEASON BEGINS TOMORROW

Continued from Page One
cept the Saturday in Holy week and the Saturday in Ember week. The pastor may in individual cases and for good reasons dispense individual subjects or individual families subject to him, or transients in his territory from fast or abstinence or from fast and abstinence combined.

The church law of abstinence forbids Catholics to eat flesh meat and broth made of meat, but does not forbid the use of eggs and the products of milk; nor does it exclude the cooking and seasoning of food with the fat of animals. The Lenten fast and abstinence cease on Holy Saturday.

The following are the rules for those who are obliged to fast:

In the morning, coffee or tea or thin chocolate may be taken with a small piece of bread, not exceeding two ounces; but no butter or other condiments.

The principal meal may be taken in the evening; and the collation or a luncheon at noon.

The evening collation, or luncheon, ought not to exceed either the fourth part of an ordinary dinner of eight ounces.

The following are exempted from the percept of fasting:

All who have not yet completed their twenty-first year; all who have commenced their sixtieth year.

The sick, the infirm and the convalescent.

Those engaged in hard labor or other duties that are a tax on their physical strength.

Those, who, owing to their poverty are unable to procure for their principal meal a sufficiency of food. Women bearing or nursing children.

URGES RETURN OF RAINBOW

Secretary Glass Wants to Use Division in Loan Campaign

(By United Press.)

Washington, Mar. 4.—Secretary Glass today asked Secretary Baker to hasten the return of the Rainbow division so it can participate in the coming loan campaign. The date for the division's return now is set for April 26, Glass said.

Glass asked that their return be moved up at least ten days. It is planned by the treasury to hold home-coming days for the various regiments of the Rainbow division during the loan drive.

MARTIAL LAW IN BERLIN

(By United Press.)

Copenhagen, Mar. 4.—The German national assembly will dissolve today, according to dispatches received from Weimar. It is not expected to reconvene.

Martial law has been proclaimed in Berlin and suburbs, according to dispatches received from that city today. Military Governor Noxke has assumed executive power.

Rioting prevented declaration of martial law in Berlin yesterday, it was reported in other dispatches. Mobs disarmed police and succeeded in capturing the central police station. Governor Noxke ordered all people seen on the streets after six o'clock in the evening shall be shot without warning.

FREEZING BY TOMORROW
+++++
Rush county will have another decided drop in temperature, beginning tonight according to J. H. Armstrong, meteorologist for the United States weather bureau. Rain, which will later turn to snow flurries, is predicted for late this afternoon, with the temperature dropping to the freezing point before morning. Tomorrow the thermometer will range around the freezing point and perhaps lower, it is predicted.

France's Sons Win Undying Glory

No other nation has spilled its blood more freely that democracy might live than has France. Her sons have sacrificed more of blood and of treasure than those of any other nation. The world owes France a debt of gratitude not only for this, but for a perfect remedy for stomach, liver and intestinal disorders which, it is said, has saved thousands of lives the world over. The ingredients are imported and placed on sale in America under the name of Mayr's Wonderful Remedy by Geo. H. Mayr, for years a leading Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere.—(Adv.)

Michigan Housewife

Tells How Vinol Made Her Strong

Bronson, Mich.—"I took Vinol for a weak, run-down condition, and backache and had to keep up and do my housework for my family of three. Vinol has improved my condition so that now I feel like a different person."—Mrs. Albert Rose.

The reason we recommend Vinol to our customers for such conditions is because we believe it to be the most successful strength creator we know, containing as it does beef and cod liver peptones, iron and manganese peptones and glycerophosphates. The greatest of all tonics. F. B. Johnson & Co., Druggists, and Druggists Everywhere.

The Mauzy Co.

A Lovely Complexion!

Smooth, Velvety Skin, free from lines and blackheads may be yours by using

Bancilla Beautifier

Rushville's discriminating women will be pleased to learn that we have secured for them Mme Bancilla's famous beauty producers.

From the very first application you will note the improvement.

BONCILLA BEAUTIFIER lifts the lines out, removes the blackheads, closes enlarged pores and clears the complexion.

In a few minutes after applying you will feel the gentle pat, pat, the lifting, smoothing sensation that assures you that it is starting its good work of youthful restoration of the face as follows: Lifting out the lines and blackheads; bringing back into place the sagging skin and muscles of the face and giving strength to the relaxed, flabby, weakened tissues.

BONCILLA BEAUTIFIER is entirely different from all creams or liquids. It is in paste form, which you apply twice a week until you get the face in beautiful condition, then occasionally to keep it so. Results guaranteed.

With each jar is a printed guarantee of absolute satisfaction or money refunded.

Then for the daily toilet these will delight you.
BONCILLA COLD CREAM (a real skin food).
BONCILLA VANISHING CREAM—Protects from the weather.
BONCILLA FACE POWDER—"It clings."
Delightful, refined odor, Velvety, fine texture.
Each of our customers who have tried this beautifier tell us they are well satisfied with results.

FACE A STUPENDOUS TASK

The Rushville Co-operative Telephone company and other companies in the county today faced a stupendous task after receipt of the order from the state public service commission ordering them to make reparation for all money collected under the Burleson long distance telephone schedule and also to refund to subscribers money charged for installing or moving telephones after Dec. 1, 1918. The Burleson rates were in force for a short time between the days that Judge Anderson refused to grant a permanent injunction preventing their enforcement and a Marion county judge granted a temporary restraining order against the schedule.

Public Spirited Decatur

The people of Decatur county demonstrated Saturday that there is nothing small about them. They voted for a county general hospital as a memorial to the soldiers, sailors and marines who went to war from Decatur county, with a majority close to 600.

The people of Decatur county are public spirited. Greensburg has a magnificent Y. M. C. A. building, the gift of one of its philanthropic citizens, and a Carnegie library which stands as a testimonial to the foresight and progressiveness of its citizens.

Decatur county did not stand back on "expense" when it came to honoring the men who had sacrificed and offered to sacrifice their lives for their country. Decatur county has not the wealth, as the bank deposits testify, that Rush county has yet her neighboring county Rush decided that a county hospital was "too expensive". Saving lives costs too much in Rush county, but in Decatur county they evidently don't reckon lives by dollars and cents.

We might have had a Carnegie

library in Rushville, once upon a time, had not a city official objected to the council voting a tax because he said he did not want his town to accept any "tainted money". Yet this same city official worships at and supports a church where an organ was installed with the aid of Andrew Carnegie's money. The necessary funds were raised at that time to get a library and it would have been built and in use now but for their nearsighted and partisan officials.

Rushville and Rush county may catch up some day, but it is going to get far behind the procession if it does not have a care and avoid any more backward steps such as refusing to vote for a county hospital.

It's Not Over Yet

A little girl was taking a western trip with her father, and they were seated in the observation car passing through the beautiful scenery of the Canadian Rockies. The child was engrossed in a story book, and paid such very casual attention to the wonderful view that her father would frequently say, "Look, Beatrice, look!" Finally with a kind of resigned impatience, the little girl said, "But, father I have looked."

A great many people have exactly the child's attitude toward the war. They have sacrificed and they have given and they have paid and why should they need to keep on?

These people do not realize that the effects of a war live after it, that we have to pass through a long vista of conditions and results brought about by the war. Demobilization and reconstruction as well as actual

warfare are expensive processes, and it is up to Americans to continue paying the costs. Inflated war prices must decrease gradually. Income taxes will continue, and in the spring will come a Victory loan which patriotic spirit must meet as it did the Liberty loans.

The outlook is that we shall have to exercise patience and economy for sometime to come. We cannot release ourselves from obligation by the plea, "But we have given!"

No Place For Bolshevism

America has neither room nor place for Bolshevik principles. It retains its traditions as a country where every man is protected in his property rights, and the worker is confirmed in the possession of what he has toiled to procure.

Bolshevism advocates taking away all property from the men who have not. From their point of view existence is a tremendous grab in which the power and advantage are all on the side of the Bolshevik.

The United States wants no system which dispenses utterly with law, order, government, religion, property rights and social welfare.

The Germans carried off from the manufacturing towns of Belgium all the engines and boilers and modern machinery that they could transport. They are evidently very fond of souvenirs.

Belgium on the other hand needs no souvenirs. There is no question but that she will remember Germany for centuries to come.

Senator Borah courteously declined to attend President Wilson's "at home" to the foreign affairs committees of congress February 26th. If Senator Borah should later decide to give a pink tea at the committee rooms, would it be incumbent upon the president to send regrets?

By BERT MOSES

I hate a lawsuit as much as a woman hates wrinkles.

Do not let your sweat glands atrophy through disuse.

The first lesson in oratory is to learn what to do with the hands.

You can generally spot a liar by the noise he makes in proclaiming his honesty.

The uncommon man always rises to the surface, no matter how far back in the woods he comes from.

People's Column

Objects to Changing Date.

In Friday evening's paper you printed an article from Paris telling of the plan of the French to have a new calendar, reckoning from the peace conference having next year the year one.

The French want to reckon not from the birth of Christ but from the signing of the peace treaty creating a new world.

Thereby appeal to all Christian and Christ loving people. Do you think it would be right to change the calendar at the French request? Is not the birth of our Saviour Jesus Christ greater far than the peace conference?

Now I am not saying that the peace conference was not a great thing for it certainly was a grand glorious thing. Still if it were not for Jesus Christ we would not have succeeded in this great war, for it was through his power that the victory was placed in our hands.

Now are we going to turn aside the date of Christ's birth when he has given us such a glorious victory or are we going to reckon our years from the peace conference which would not have been heard of if it had not been for the power Jesus Christ gave our allies to win the great struggle.

OLD FOLKS TAKE NEW LEASE ON LIFE

They All Look Into the Future With Confidence

This is the situation of hundreds of elderly men and women that have had their youth and health restored in such a short time. Aged men and women who have been steadily declining to the regret and dismay of fond relatives and friends are now hale and hearty, active both mentally and physically. Life to them has renewed the joys and pleasant anticipation of youth, where before it meant the usual steady progress down hill, with the decline and useless burden to themselves and everybody around. How they all dread this and how unnecessary it is.

A lively "old timer" said to our reporter, "I am now seventy years of age and my wife sixty-five and we both feel that any remedy that will truly build up the strength and increase the power of endurance of people of our age should be known to every nervous run down, man woman and child. Phosphated Iron did the work for both of us, and we made up our minds to let all of our friends know about it. Take it from us we certainly have spread the gospel of Phosphated Iron through this neighborhood, so much so that hardly a day goes by without some of our friends stopping to thank us for putting them wise to such a splendid preparation."

There are thousands of men and women in all walks of life who need a strength and blood building nerve tonic, but do not know what to take. For this there is nothing like good old Iron and Phosphates in the right combination "Phosphated Iron" to give increased strength, snap, vigor and staying power together with freedom from all nerve troubles. It enriches the blood, feeds starved nerves, brings a full healthy color to the cheeks, is an unfailing source of renewed vitality, endurance and power for men and women who burn up their nervous energies too rapidly in this day of strenuous business and social competition.

Iron and Phosphates have been known to Doctors for years as being absolutely necessary to enable your blood to change food to healthy, strong, live nourishment and make nerves like iron. Phosphated Iron will do this for you. Try it today and be a "live one" again. "Come back", it can be done, the proof is everywhere around you.

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

How To Prevent A Garden Cold

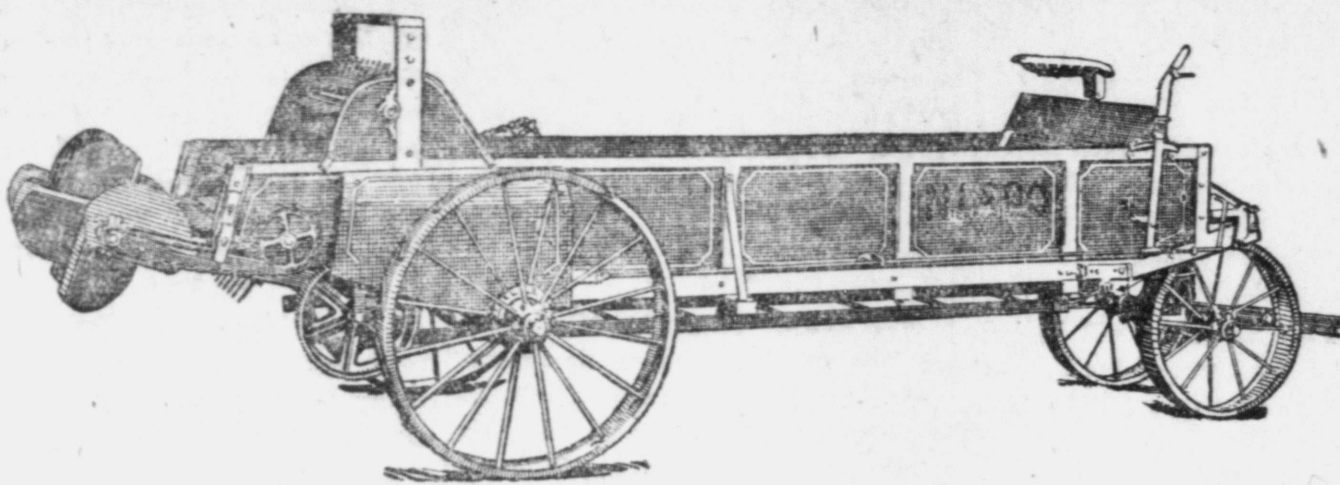

"Water on the knee," or even a bad cold, might have kept this Maryland boy from completing the garden that he started out to cultivate last spring. So, when he was transplanting or doing other garden work which required him to kneel, he tied a flour bag around his knee. It wasn't very stylish, but it worked, and he recommends this method to other gardeners. A piece of oil-cloth or the sleeve of an old rubber coat makes an excellent protector for the knees while working in the garden.

SPICELAND PLAN FOR BIG COMMUNITY DAY

Event is Expected to Rival in Interest Popular Field Day of Many Years Ago.

TO BE GIVEN IN GYMNASIUM.

Spiceland, Ind., Mar. 3.—A community Day will be held here next Wednesday and the people of Spiceland are making arrangements for the event, which is expected to rival in interest the popular field day of many years ago. The event is designed to take the place of a farmer's institute but will be broader in scope and will be planned to attract every interest in the community.

The program will be given in the new gymnasium and it is understood that the academy will be dismissed for the day and that the public schools of the township will also be closed. The program, which is to be announced later, includes speakers from Purdue university and Indiana university and an address by Lieutenant Ralph Test' who has already demonstrated his ability to attract record breaking crowds. A playlet is being arranged by one of the clubs and the orchestra will provide music. The meeting will begin at 10 o'clock in the morning.

The afternoon and evening was spent socially and with music, and dainty refreshments of ice cream and cake was served.

Merle Winkler entertained with a dinner party Sunday in honor of several out-of-town guests. The house was decorated in red and black, the high school colors. A bouquet of sweetpeas graced the center of the table and covers were laid for the following guests: Joan Weakley, Magdalene Arbuckle, Helen Matlock, Marian Carney, Florine Hinchman, Mary Louise Miller, Virginia Haydon, Aleatha Van Namee, Lucille Coers, Mable Jones, Irene Howell of Shelbyville, Agnes Holland of Knightstown, Glen Ruddell, Marlin Gibson, Cyril Arbuckle, Irvin Martin, Clarence Spiegel, Samuel Barnes, Harry Briggs, Lawrence Rhinehart, Harold Winkler, of Shelbyville, Lawrence Niggins and Carl Dickman of Newcastle. In the afternoon the guests motored to Greensburg.

GOODBY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nausea, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haaslem Oil Capsules. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL Haaslem Oil Capsules are imported from the laboratories at Haaslem, Holland. Do not accept a substitute. In sealed boxes, three sizes.

RUSHVILLE MEETS SHELBYVILLE FIVE

Local High School Team Sure to
Draw Victors in Tourney Here
at Sectional Tournament

LAST GAME OF SEMI-FINALS

Rushville Plays at Franklin This
Year Instead of Richmond as
in Former Years

Rushville high school will have a fine chance to mix with Shelbyville in the sectional tourney which will be held on the gymnasium floor of Franklin college. It has been the custom for the local quintet to compete for the honors at Richmond but as Richmond's schedule has too many teams to be handled conveniently, they will go to Franklin. There is no doubt but what Shelbyville will easily defeat those scheduled to play her up until the last game of the semi-finals when she meets Rushville. All the teams in the county go to Franklin except Milroy, which drew Richmond.

Rushville plays Nineveh at four o'clock Friday afternoon and then they will play the winner of the Arlington-Boggsstown game. Although the local team was defeated by the Shelbyville quintet in the invitational tourney held here last Saturday they do not feel that they will be the next time. The locals did not play the game Saturday night that they have been playing all season and it is thought by local fans that if the boys had hit their usual stride, they would have been victors in the tourney by a big margin. The team is doing some real hard work and is expecting to go to Franklin and bring home the bacon. There is little doubt in the mind of the boys as to the outcome of the Franklin tournament, and if the regular game is played, the Red and Black will bring home the honors, because they feel they can defeat Franklin in the final if they can eliminate Shelbyville.

The schedule of the games is given herewith:

Friday Morning

9:00—Southport vs. Franklin (1).
10:00—Manilla vs. Fairland (2).
11:00—Mt. Auburn vs. Whiteland (1).

Friday Afternoon

1:00—Edinburg vs. Hopewell (2).

Thrills at the Mystic.

With terrific speed there is unfolded the greatest patriotic production of the day in "On The Jump" a timely William Fox comedy, featuring George Walsh, the famous screen comedian, which is being shown at the Mystic theatre tonight. The picture deals with Liberty Loans and George Walsh, as a salesman who emulates Paul Revere, and sells over \$100,000,000 worth.

He resigns as a newspaper report-

er when he becomes suspicious of the new proprietor and while acting as a salesman, he develops leads that later result in the arrest of the newspaper owner, and there is unearthed Germany's master plot to control the American press.

Mutt and Jeff are also on the program in a good comedy.

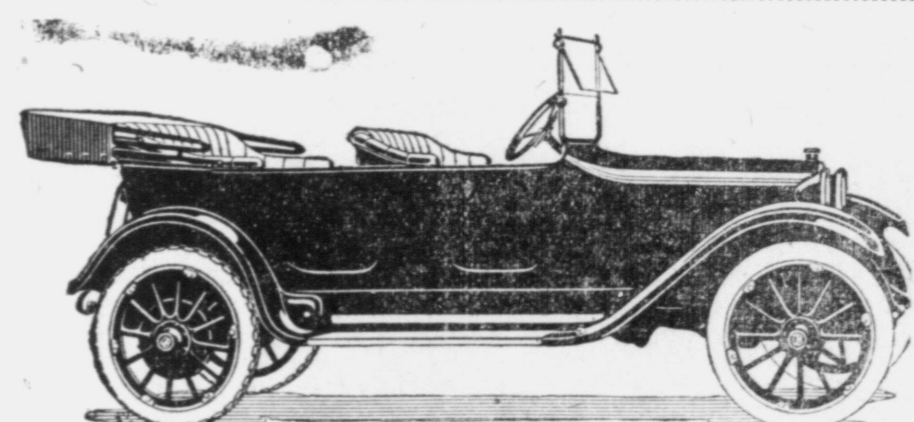

Last Time For "Husbands Only"

Several propositions have been made to Lois Weber by legitimate theatrical producers for the story rights to "Husbands Only" the Jewel drama, in which Mildred Harris was shown at the Princess theatre last night and will also be shown tonight.

Miss Weber is in two minds as to how to proceed in the matter for the title and the idea for the story were taken from a magazine story by G. B. Stern. The incidents which makes it such a tremendously interesting photoplay drama are distinctly Miss Weber's, however. In its magazine form it might possibly have made a vaudeville sketch, but with the additional incidents and complications which were devised by Miss Weber, the six reels float by so rapidly that one scarcely realizes that six thousand feet of celluloid have flitted before the eye. In its photoplay form there is abundant material for a stage success, but who owns the rights to it is a matter which is just now perplexing Miss Weber more than a little.

Tomorrow Clara Kimball Young will be shown in "Cheating Cheaters", a film adaptation of the famous Broadway stage success of the same name.

DODGE BROTHERS MOTOR CAR

To observe the car on the streets or on the road is to become instantly impressed with its beauty; to drive it is to realize all the responsiveness and power you require in a motor car.

It gets away instantaneously and skims the road silently and smoothly. The engine seems always to have more and still more power when occasion requires.

These qualities, together with the steadiness at high speed, the freedom from gear shifting, the high quality of all materials—are reasons why DODGE BROTHERS MOTOR CAR has always appealed so strongly to the public.

65TH CONGRESS BREAKS RECORD

Has 3 Sessions, 2 Known for Legis-
lative Accomplishments and 3rd
For Lack of Them

THIRD SESSION ENDS TODAY

Will be Known as the \$60,000,000,-
000 Congress, Having Appro-
priated That Amount

By L. C. MARTIN
(U. P. Staff Correspondent.)
Washington, March 4—The Sixty-
fifth congress dies today. It leaves
to history a record of three ses-
sions, two of them remarkable for
their legislative accomplishments,
and the third for its lack of accom-
plishment.

The 65th will be known in Ameri-
can history as the \$60,000,000,000
congress. Its 3 sessions appropriated
approximately that amount. This
breaks all American records, and
probably all world records for a
single congress.

The congress was divided into
three sessions, and these marked
three distinct phases of activity.

The first was the war making ses-
sion. It began April 2, 1917, and
ended 188 days later, October 6.

The second was the war winning
session. It was the longest session
the American congress ever held,
lasting 354 days, from Dec. 3, 1917
to Nov. 21, 1918.

The third was the readjustment
session, lasting from Dec. 2, 1918
until today.

The war making session opened
with a declaration of war on Ger-
many passed by the senate April
4, and by the House April 6, and
immediately signed by President
Wilson.

There quickly followed a bill pro-
viding for \$7,000,000,000 bonds to
finance the war and help our allies;
a bill appropriating money for the
army, the draft bill, subjecting men
between 21 and 31 to military ser-
vice, which became law on May 18,
and the law increasing the navy and
marine corps to 500,000.

To prevent alien foes interfering
with American war plans the first
espionage law was passed in June;
to safeguard food supplies and fuel
the food and fuel act was made law
Aug. 10.

Heeding Europe's call for aircraft
congress created the aircraft board
Oct. 1. On Oct. 6 came final enact-
ment of the law prohibiting trading
with the enemy.

During this session congress ap-
propriated directly and authorized
contracts for a total of \$18,901,-
966,814.

Of this, nearly \$8,000,000,000
went to the army and navy; \$640,-
000,000 was for aircraft, \$7,000,-
000,000 was for loans to the allies;
food and fuel control took \$162,-
000,000 while miscellaneous war ac-
tivities absorbed the remainder.

The whole purpose of this first
session was to change peaceful Amer-
ica into warring America. Carry-
ing out its pledge of all the coun-
try's resources, congress appropriated
whatever was asked.

The second or war winning session
was occupied chiefly with increasing
the effectiveness of the war machine
and providing the punch to beat the
kaiser. Its appropriations were even
more prodigal, and its delegation of
power even more sweeping than in
the first session.

It added Austria officially to the
list of our enemies by a declaration
of war on Dec. 7, 1917.

It then passed in rapid succession
such measures as the \$50,000,000
housing bill, followed by a \$60,000,-
000 housing bill to provide quarters
for munitions and shipyard workers;
the bill protecting civil rights of sol-
diers and sailors; created the war
finance corporation to help business
help win the war; the railroad con-
trol act, taking over the railroads;
the daylight saving law; the Over-
man act, giving the president sweep-
ing power to speed up and co-ordi-
nate departmental activities; the
third and fourth liberty loan acts,
the wire control act, under which
the telegraphs and telephones were
taken, and the law extending the
draft age down to 18 and up to 45.

It appropriated the vast sum of
\$36,298,405,000. Practically all went
to war work at home, maintaining
our army abroad and helping the
allies with loans.

On Nov. 11, President Wilson an-

nounced to the second session that
its work had been done—the war
was won, and on Nov. 21 the war
winning session ended.

The readjustment session had
been looked to by many in and out
of congress to buckle down at once
to solving reconstruction problems,
some of which were thrust with
startling suddenness before the
country because of the crushing and
unexpectedly early defeat of the
central powers.

But congress apparently suffered
from the same reaction that affected
business and, to a degree, labor. It
relaxed after the war, and the re-
adjustment session was a session of
readjusting congress. Most of it
was spent in criticism, both by dem-
ocrats and republicans, of war mis-
takes and blunders, and in discus-
sion of President Wilson's mission
abroad and of his peace terms.

The session did manage a few ac-
complishments, however, including
the final enactment of the \$6,000,-
000,000 war tax bill; appropriation
of nearly \$10,000,000,000 to clean
up war business, feed starving Eu-
ropeans, care for the railroads, and
run the vastly expanded activities of
the government.

Near its close, the senate relegat-
ed to the 66th congress the question
of woman suffrage, by defeating
the Susan B. Anthony amendment,
which the house had passed. Twice
during the 65th congress the senate
negatived house action on this mea-
sure.

War-time prohibition, so called,
was imposed on the entire country,
to begin July 1, 1919, and both sen-
ate and house passed the dry
amendment to the federal constitu-
tion, which was speedily ratified,
and becomes effective January 16,
1920.

The closing session also replaced
on the books a child labor law, the
previous one having been declared
unconstitutional. By taxing profits
from the sale of products of child
labor in the revenue bill, advocates
of this legislation declared they
have gotten around the constitu-
tional objection. A test is coming on
this.

Practically no reconstruction leg-
islation was passed. The third ses-
sion failed to settle the permanent
policy on railroads or telegraphs,
and was unable to agree whether
the executive or legislative branch
of the government should supervise
general reconstruction policies.

During the entire congress but
chiefly in the second session, there
was a conflict between congress and
the President. In the many clashes,
the President was invariably able to
impress his will when a war mea-
sure was up. His only signal failure
on any measure was on woman suf-
frage.

He failed with the country when
in the fall of 1918 he appealed for
election of a democratic congress to
co-operate with him in reconstruc-
tion. Both house and senate will be
republican in the 66th congress.

Cold Weather

MANURE SPREADER

Every man who is at all familiar with, or is making a study of the
question of barn yard manure for fertilizing the soil, realizes the vast
waste as a result of DELAY IN GETTING THIS MATERIAL ON THE
SOIL. Every man who knows anything about this subject appreciates the
waste due to burning, seepage and atmospheric deterioration, but very few
fully realize what an ENORMOUS waste this actually is.

The up-to-date modern farmer is considering just as carefully the
placing of the fertilizer on the field AT THE PROPER TIME, as he is giv-
ing attention to the disposing of his hogs and cattle at the exact time
when the market price is right.

He cannot handle this material successfully every week in the year
except with a machine that will work successfully in cold weather as well
as in warm weather. Here's where RUSHVILLE SPECIAL Spreader
stands out prominently as an unconditional success, and here is the
answer WHY.

This spreader has the only SELF-CLEANING, FORCE-FEED END-
LESS Conveyor manufactured. Materials falling through the top in cold
weather won't clog and freeze on the under sections as it does on all other
machines, and therefore put it out of commission. This spreader will go
through snow drifts with two horses where other machines will keep three
horses busy on a good road.

The distribution is perfect and if you can see your tracks in the snow
the next day you will know that you are not overlapping or leaving a blank
space. You can't depend on this with the irregular distribution as found
on other machines. The SELF-OILING Bearings on RUSHVILLE
SPECIAL Spreader do away with the cutting and wearing-outs common
to other spreaders, because of failure to oil under freezing conditions.

The RUSHVILLE SPECIAL Spreader sticks to the ground. When the
horses go the wheels turn. This is because of good traction and light
draft. The only successful combination for icy, slippery ground.

OBITUARY

Again has the death angel passed through our midst and taken from us our beloved friend and mother.

Mrs. Diliah Jennie Stevens, who was born at Dearborn Co. Ind., near Moores Hill on Feb. 26, 1855, and passed from this life on Friday morning, Feb. 28, 1919, at seven o'clock, in the Good Samaritan Hospital of Kokomo, Ind., at the age of 64 years and 2 days. She was united in marriage to Geo. W. Sweet of this county on Sept. 23, 1873.

To this union was born 7 children, 2 having preceded her to that bright and better home, at an early age 4 sons: Frank of Cleveland, Ohio; Lyonel of Indianapolis, Ind.; Samuel B. and Charles M. of this city, and one daughter Mrs. Mary Edna Etchison of Kokomo, Ind. remain. Also a brother Taylor Stevens and 14 grandchildren and a host of friends and relatives to mourn her loss. Mr. Sweet also preceded her to his eternal home on Sept. 22, 1913.

At an early age Mrs. Sweet united with the Methodist church at Tipton and has lived a life long member.

Jennie Sweet as she was familiarly known has lived for a number of years in this city. Mrs. Sweet was a dutiful wife, a kind and loving mother and in years to come her children and grand children will rise up and call her blessed when they recall the many kind and loving deeds rendered for them by her in the years that have gone.

It is our loss but her gain to the children and family I will say. Be still sad heart and cease repining for behind this dark cloud the sun is shining and it will only be a few short days until you will join with those loved ones on the bright and better shore where parting will be no more.

FILE MORTGAGE EXEMPTIONS

Real Estate Owners Allowed 50 Per Cent Mortgage Value

Owners of real estate have already begun filing their mortgage exemptions, which may be placed on file in the county auditor's office any time between March 1 and May 1. The present tax law allows a tax exemption of fifty percent of the amount of the mortgage up to \$700, which is the limit.

The assessors were hard at work today, listing real estate and personal property for taxation. Information from surrounding counties is to the effect that the assessors will follow the instructions of the state board and assess all property at 100 percent.

HOW WEAK, NERVOUS WOMEN QUICKLY GAIN VIGOROUS HEALTH AND STRONG NERVES 7 A DAY FOR 7 DAYS

A Vigorous, Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bio-feren.

World's Grandest Health Builder Costs Nothing Unless It Gives to Women the Buoyant Health They Long For.

It is safe to say that right here in this big city are tens of thousands of weak, nervous, run-down, depressed women who in two weeks' time could make themselves so healthy, so attractive and so keen-minded that they would compel the admiration of all their friends.

The vital health building elements that these despondent women lack are all contained in Bio-feren.

If you are ambitious, crave success in life, want to have a healthy, vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bio-feren right away.

It costs but little and you can get an original package at any druggist anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started your money is waiting for you. It belongs to you, for the discoverer of Bio-feren doesn't want one penny of it unless it fulfills all claims.

Note to Physicians: There is no secret about the formula of Bio-feren. It is printed on every package. Here it is: Lecithin; Calcium Glycero-phosphate; Iron Peptonate; Manganese Peptonate; Ext. Nux Vomica; Food. Ben-tan; Phenolphthalein; Oleoresin Capsicum; Kolo.

Thousands upon thousands are taking Pepsinco, the marvel of the 20th century, because they could not eat a meal without distress, pain and a disagreeable bloating.

Today they are better, able to eat what they want and when they want. They took Pepsinco.

Do you feel bad after eating? Take Pepsinco. They will aid digestion. No pain, distress. It's like living life over again when you take Pepsinco. The absence of pain and sourness makes you contented and happy.

Mr. R said Pepsinco saved his life simply because he did not dare eat things good for him and he was slowly starving to death. Pepsinco helped him.

SESSION NEAR END WITH MUCH TO DO

The Final Week of Legislature Opens With Many Problems to be Solved.

FIGHTS CENTRALIZATION

Tax Bill was not Referred to a Special Committee and Entire Body Will go Over It

(By United Press.)

Indianapolis, Mar. 4.—The final week of the legislative session is on with both houses facing a tremendous amount of business. That there would be a general slashing on the part of both houses during the last few days, was probable.

There was considerable dissatisfaction in the house over the rule adopted in the upper house that a bill would not be considered unless it had the unanimous support of the committee. Thus one man on a committee in the senate could kill a bill, if he opposed it.

The test of strength on the part of those opposing the program of Gov. Goodrich was expected to come in the senate this afternoon when the tax bill was to be considered by the senate as a committee of the whole, having been postponed yesterday.

Lieut. Gov. Edgar D. Bush, who has been opposing some of the main administration measures throughout the session, planned to take the floor and lead the fight against the centralization of power which is carried in the tax bill.

Bush will oppose granting the state board of tax commissioners power of the entire taxation system of the state, especially over the township assessors. Under the terms of the bill as it now stands, the assessors would be appointed by the state commission.

The tax bill was not referred to a special committee of the senate, but the entire body this afternoon expected to go over the bill clause by clause amending or changing it where it was believed advisable.

When the senate finally adopts the bill, it will be necessary to refer it to a conference committee of the house and senate to agree on the amendments.

In the house this afternoon, the specific appropriation bill was to be taken up. The bill contains several new provisions, which are departures from former custom and will be the subject of considerable debate.

One clause provides that relatives of state officials, trustees and superintendents of various institutions may not be employed by the state. Relatives who are barred are husbands, wives, sons, daughters, nieces, nephews, sons-in-law and daughters-in-law.

The bill also contains a provision providing for appointment of a non-partisan commission to investigate the entire subject of salaries of state officials and state employees and report to the next session of the legislature. The commission will also investigate living conditions in Indianapolis and submit a salary scale, which it believes in proportion to the work done, and living conditions, is just. The persons who would be affected by the commission are those hired by heads of departments, who also fix their wages.

The appropriation calls for about \$3,500,000. It includes \$500,000 for the contingent fund of the government.

Another important clause in the bill provides that when the state board of education ballots on adoption of text books, all ballots shall be open.

MAKERS OF SCOTT'S EMULSION

Nervousness and Headaches Caused by Acid-Stomach

There is a much closer connection between the stomach and brain than most people imagine. It is because of this close connection that indigestion, belching, sour, gassy stomach and other stomach miseries—all of which are sure signs of acid stomach—are so often followed by severe attacks of blinding, splitting headaches.

Nervousness, sleeplessness, irritability, mental depression, melancholia and many other disorders which affect the brain can also nearly always be traced to the same source—acid-stomach.

So often you hear people say "I am so nervous I think I'll fly to pieces;" or "It seems I never get a good night's sleep any more, my nerves are all on edge." Little do they dream that acid stomach is the direct cause of their troubles because very often there are no pains in the stomach at all. So you see, you can't always judge an acid-stomach condition by the way your stomach, itself, feels.

If you are weak, nervous, unfit—if you are not up to your old time form—if you lack your accustomed enthusiasm, energy and pep—make this test and see if it isn't acid-stomach that is holding you back—robbing you of your health, strength and vigor. Get a big box of EATONIC—the wonderful modern medicine that so quickly puts an acid stomach to rights. It is in the form of pleasant tasting tablets that you eat like a bit of candy. EATONIC rids the stomach of excess

acid. Brings instant relief from indigestion, heartburn, sour belching, food repeating, bloating and gas and makes the stomach cool, pure, sweet and comfortable.

Dentists warn us against the bad effects of acid mouth, pointing out that the acid eats through the enamel of the teeth, causing them to decay. You can easily imagine then the amount of damage excess acid will cause to the delicate organization of the stomach!

Thousands of people are using EATONIC and the results obtained are so remarkable as to be almost unbelievable. Yet their letters of gratitude, many of which are received daily, prove absolutely that EATONIC does all and even more than we claim. The medical profession, too, recognizes the great value of this wonderful remedy. A learned Michigan doctor wrote recently: "I have had such wonderful success with EATONIC that I want every one to know how quickly it will neutralize the acidity of the stomach (acid-stomach) and the stomach will soon be sweet and normal again, and the sick man well and happy once more."

So be sure to get a big box of EATONIC from your druggist today. If it fails in any way to give you the kind of satisfaction you want, take it back—he will refund your money. He doesn't want one penny of your money unless EATONIC helps you.

The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres.

Disc twenty acres with a seven-foot tandem disc.

Harrow forty-five to fifty acres with a 15-foot harrow.

Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator.

Harvest ten acres with a corn binder.

Cut twenty acres of wheat with an eight-foot binder.

Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

President Blames Senators Who Ob-
structed Congress For Impaired
Efficiency

LEAVES FOR TRIP TO PARIS

Congress Indignant as Old Session
Dies Because Wilson Did Not
Call Special Session

(By United Press.)

Washington, Mar. 4.—The 65th congress died at noon today follow-
ing a filibuster from 7 a. m. by Sen-
ator Sherman, which prevented
transaction of any important busi-
ness during the closing hours. Many
important bills remained unpassed
as the result of the filibuster.

Immediately after adjournment
President Wilson issued a statement
to the country in which he laid upon
senators who "obstructed" passage
of the appropriation bills, the sole
responsibility for "impaired effi-
ciency" if the government, which he
said would result while he was in
Paris.

He declared that it was his duty
to be in Paris at present and that
"if I called a special congress I
would have to remain at Washing-
ton."

He left for New York, the first
part of his journey to France, at
two o'clock this afternoon.

The president felt confident that
the people will force the senate to
ratify the league of nations agree-
ment when the time comes.

In his speech tonight the presi-
dent will make his final appeal to
the people to support the league of
nations, before his return to the
peace conference.

Shortly before the congress ad-
journed, the president went to his
office in the capital where he signed
important bills passed during the
last days of the session. He said
farewell to his cabinet and other
public officials.

The congress was indignant over
the president's refusal to call a
special session. Congressman Moses
of New Hampshire, republican, is-
sued a statement, in which he said
that it was due to Wilson's removal
from the limelight that he failed to
issue a call for a special congress.

was taken under advisement by
Judge Sparks.

On motion of the plaintiff, the
divorce suit of Ida Mae Downey
against Leslie E. Downey, was dis-
missed and the costs paid. Part of
the evidence in the divorce suit of
Frances Inderrden against Joseph
C. Inderrden was heard yesterday
and taken under advisement. The
defendant defaulted. The case of
Arsula Curry and others against
the Pinnell-Tompkins Lumber com-
pany was sent to Hancock county
on a change of venue. The case of
Charles S. Williams against the Hop-
sier Warming and Ventilating com-
pany and Donald Mull, former trustee
of Walker township, has been
dismissed and the costs paid.

FOR VIOLATING AUTO LAW

Joseph Derrin Running Without
Muffler, Fined \$1 and Costs

Joseph Derrin of Noble township
was fined one dollar and costs late
yesterday afternoon in mayor's
court. Derrin was charged with op-
erating a machine without a muffler.
The legislature has passed a law to
the effect that operating a machine
without a muffler or with the cutout
opened is a state offense. Many local
machines are being operated without
the mufflers and with open cutouts
and a warning is given by the mayor
to these persons to equip their
machine properly and avoid being
arrested.

MIKE PECKINPAUGH DIES OF INFLUENZA

Former Rushville Man Expires at
His Home in Waynesville South
of Columbus

BODY TO BE BROUGHT HERE

Mike Peckinpaugh, age fifty-seven
years, for many years a well known
character in Rushville, died last
night of influenza at his home in
Waynesville, Bartholomew county,
south of Columbus. He left here
about a year ago with his father to
take up residence in Bartholomew
county. Mr. Peckinpaugh gained
local fame as a fisherman and was
known for his devotion to the Odd
Fellows lodge. He was a member
of Franklin lodge No. 35 here from
1892 until the time of his death,
having transferred his membership
here from the Morristown lodge. Mr.
Peckinpaugh was born and reared in
the vicinity of Clarksburg, but spent
the greater part of his life in Rush-
ville.

Besides his father Dan Peckin-
paugh, he is survived by two sisters,
Mrs. Will T. Britton of Anderson
and Mrs. Charles Jim of Waynes-
ville. The body will be brought here
tonight or tomorrow morning for
funeral services and burial, which
will be in charge of Franklin lodge.

SALARY INCREASES RECEIVE A KNOCKOUT

Three Bills to Add to Pay of Of-
ficials Killed by House Com-
mittees Reports Today

SENATE TAKES UP TAX BILL

Indianapolis, Ind., Mar. 4.—Propo-
sed salary increases were given
knockout blows in the lower house
of legislature today when the fol-
lowing bills were killed on commit-
tee report: By Southard, increase
the salary of officials of cities of
the fourth class; by Harris, allow-
ing councils in cities of 2nd, 3rd
and 4th classes to increase salaries
of officials; by Right, placing county
surveyors on salary basis.

Representative Behmer introduced
a motion asking that the house con-
cur in the senate amendments to the
highway commission bill. The mo-
tion is to be taken up this after-
noon. Two other similar motions
were defeated. The house this af-
ternoon took up the special appro-
priation bill.

In the senate the tax bill was un-
der consideration. Amendments had
been prepared for several senators
to restore the bill to its original
form, as it is declared that it will
be ineffective if passed as now
worded. Among the important
amendments proposed was one pro-
viding for a 100 per cent valuation
of all property.

The Symons bill allowing banks
which are members of the federal
reserve system to operate under the
federal legislation with regard to
banking balancing, was passed by
the house.

MISS MARY BOWEN RECEIVES A MEDAL

Former Rush County Girl is Honored
by French Government For
Devotion to Duty

WAS WITH BASE HOSPITAL 32

Went Overseas With Indiana Unit
and Was in Germany With Eva-
cuation Hospital

Miss Mary Bowen, formerly of
this county, has received a medal of
honor from the French government
for extraordinary devotion to duty.
Miss Bowen who was born and
reared here, is the daughter of
Isaac Bowen and a niece of Mrs.
Elizabeth Hill living north of the
city. Miss Bowen went to France
with Base Hospital No. 3 as a nurse
and was with Evacuation hospital
14 when the armistice was signed.

According to a letter which Miss
Bowen wrote to an Indianapolis
woman, the medals were presented
to the former Rush county girl, to-
gether with twenty-five other nurses
and a number of officers and enlist-
ed men at Base Hospital No. 57 "for
extraordinary devotion to duty and
a souvenir of their honorable and
courageous conduct" in nursing.

In her letter, Miss Bowen wrote:
"The medal came as the greatest
surprise in the world to me, but I
must say I am both happy and
proud to have it. I feel I stayed in
Germany long enough but would not
be surprised should I be sent back
there. I was one week in Coblenz
before returning. I went in with our
army and it was a most wonderful
sight. Few were so fortunate as to
witness it. Only two evacuation
hospitals went in at that time No. 2
and No. 14. Others came in a few
days later. I am in a hospital which
was formerly the American Art Stu-

FIVE ROADS CONTRACTS WILL BE LET MARCH 29

Commissioners Advertise for Bid-
ders on Highways, Two of Which
Will be Cement

ELECTION EXPENSE \$721.86

The county commissioners, before
adjourning their regular March ses-
sion late yesterday afternoon, or-
dered the county auditor to advertise
for bids on five roads, to be received
Saturday, March 29. These will be
the first road contracts to be let by
the commissioners this year.

Among the roads advertised are
two permanent highways, the Wil-
lard Trilby road which is seven-
eighths of a mile long and runs
north from the intersection of the
Brookville road and the Carthage
pike in Arlington and the John G.
Beale road in Rushville township,
both of which are to be built of ce-
ment. The original report of the
reviewers on the Beale road was for
macadam, but reviewers were ap-
pointed on petition of the petitioners
for the road, and they reported for
a cement road. The other three roads
ordered advertised yesterday will be
built of stone. They are the Ches-
ter Cross road in Jackson township,
the William T. Moore in Richland
township and the Fred McManus
road on the Center-Jackson town-
ship line.

Among the claims allowed yester-
day were those for the expense of
the special county hospital election
a week ago today, which amounted
to \$721.86. The county saved consid-
erably more than this sum by the
passage of the new law the day be-
fore the election, providing that an
inspector and a clerk should com-
pose the election board in each pre-
cinct, instead of the inspector, two
clerks, two sheriffs and two judges
used in general elections.

ATONEMENT IS STARTING POINT

Without It Religion Would be Help-
less and Hopeless, Evangelist
Miller Declares.

METHODIST REVIVAL SERMON.

Morning Prayer Meetings Begin and
Will be Held Each Day in Week
Except Two

"The atonement is the starting
point in the Christian life", stated
Evangelist Miller in his sermon at
the St. Paul's M. E. church last eve-
ning. "Without it, religion would be
helpless and hopeless. Nothing can
take the place of the atoning blood
of Jesus Christ and without the
shedding of blood, there can be no
remission of sins."

From the standpoint of reason as
well as spiritual importance the
speaker pointed out the necessity of
the atonement. A convincing argu-
ment for this step in Christian life
was presented by the speaker in
showing the legal aspect of the aton-
ment as a means of reaching the
spiritual life. His talk was convinc-
ing as well as interesting.

Evangelist Miller will continue to
speak on important phases of Chris-
tian life at the meetings which will be
conducted at the Methodist church
each evening except Saturdays, for
the next three weeks. Mrs. Miller is
also here and will assist in the meet-
ings.

The large chorus choir of about
thirty voices, directed by the Rev.
C. S. Black, leads in the song ser-
vice which precedes the sermon each
evening. Last night, a duet was ren-
dered by the Rev. Mrs. Black and
Mrs. George Hogsett and each even-
ing, special number will be given.

As a part of the revival services
morning prayer meetings started
this morning. Ten were conducted
at 9:30 o'clock at the homes of the
members, one meeting in each of the
units of the church. The meetings
will be conducted each morning for
the coming three weeks with the ex-
ception of Monday and Saturday at
9:30 o'clock.

The schedule of prayer meetings
for tomorrow morning is as follows:
Unit No. 1, with Mrs. Robert Dy-
er, 325 West First; Unit No. 2, Mrs.
William Gordon, 413 North Morgan;
Unit No. 3, Mrs. F. E. Wolcott 606
North Harrison; Unit No. 4, Mrs.
Fannie Smith, 215 North Harrison;
Unit No. 5, Mrs. A. L. Aldridge, 215
North Perkins; Unit No. 6, Mrs. Guy
Abercrombie, 613 North Perkins;
Unit No. 7, Mrs. Floyd Hogsett, 830
North Perkins; Unit No. 8, Mrs.
Gates Ketchum, 431 West Third;
Unit No. 9, Mrs. Amos Baxter, 628
West Seventh; Unit No. 10, Mrs.
Oscar Eden, 802 North Sexton, and
Unit No. 11, Mrs. Frank Windler,
Circleville.

Everybody is urged to attend one
of the prayer meetings to spend
thirty minutes in prayer and plan-
ning for the success of the revival
campaign. A white flag marks the
place of meeting.

IN CASUALTIES SECOND TIME

John Heckman, Wounded Aug. 22,
is Again Mentioned in List

John Heckman, son of Mr. and
Mrs. Henry Heckman, living north-
west of the city, who was discharged
from the service and arrived home
in January, will read in today's gov-
ernment casualty list that he has
been wounded, degree undetermined.
Mr. Heckman was wounded, but it
was six months ago, August 22, 1918,
and his name was in the casualty
list of October 7, following. At that
time he was listed under the head-
ing "Wounded Severely." Mr. Heck-
man, who was formerly a private in
Company K, 47th Infantry, was never
wounded but once.

SENDS A DRAFT FOR \$4,000

Ralph Payne, County Treasurer,
Forwards Cash For Armenian Fund

In response to a request from A.
W. McKeand, state director of the
Armenian and Syrian relief cam-
paign, Ralph Payne, county treasur-
er has forwarded a draft for \$4,-
000. In an explanatory letter he
stated that cash on hands in the
county fund amounted to \$4,018.83,
and that between \$200 and \$300
which had been pledged, yet remain-
ed to be collected. This, he esti-
mated, together with money which
has already been sent direct to the
New York headquarters of the fund,
will almost make Rush county's
quota of \$4,950.

AUTOMOBILE SHOW WILL BE HELD HERE

Rushville Dealers Arrange For Ex-
hibit to be Staged in Old Mod-
ern Appliance Building

TO TAKE PLACE MARCH 20-21

Rushville dealers will hold an au-
tomobile show in the building in
West Third street, formerly oc-
cupied by the Modern Appliance
company, on Thursday and Friday,
March 20 and 21, it was announced
today following a meeting of the
dealers last night when committees
were appointed and an organization
to arrange for the show was per-
fected.

Eighteen different makes of cars
will be on display at the show, re-
presenting the machines which are
sold by the nine Rushville dealers
who will co-operate in making the
exhibit. The committee on decorat-
ing plans to convert the interior of
the building into an attractive
place and the committee on music
today began making investigations
about a big orchestra which will be
engaged to play afternoon and eve-
ning of both days. The dealers will
spare no expense to make the show
a success, it is declared.

The auto show will be the first
thing of its kind here although deal-
ers have held shows of their own.
The Modern Appliance company
building forms, an ideal place for
such an event and large crowds are
expected.

LOCAL GIRL FIGURES IN AN AUTO ACCIDENT

Miss Mayme Kuntz Driving Car
Which Fatally Injured Horse
in Connersville Monday

MACHINE WAS JOHN MILLER'S

Miss Mayme Kuntz of this county
figured in an automobile accident in
Connersville yesterday afternoon.
According to the report received
here, Miss Kuntz was driving a car
belonging to John Miller of this
city and as she was driving down
Central Avenue, Herbert Hosey
drove a horse from Court street into
the avenue and it was struck by the
car. The horse suffered a broken
leg and was shot a few minutes af-
terwards, following an examination
by veterinarians who reported that
the most humane thing to do was to
kill the animal. The buggy was turn-
ed completely over but Mr. Hosey
was not injured.

According to the report, Miss
Kuntz was not driving at a great
rate of speed. The car was a large
one and was moving slowly. Miss
Kuntz borrowed the car to drive to
Fayette county to visit her parents,
who live at Columbia, and was on
her way there when the accident
happened. The machine was well to
the right side of the avenue when the
accident occurred and little blame
can be placed on Miss Kuntz.

LENTEN SEASON BEGINS TOMORROW

Forty-Day Period Observed by the
Catholic Church Will End on
Easter Sunday April 20

REGULATIONS READ HERE

Rules For Fasting and Abstinence
Are Modified—Some Are Ex-
empted From Fasting

Tomorrow will be the first of
Lent, the forty-day period which is
observed by the Catholic world with
a regularity that makes it a time of
great meaning to persons of that
faith. The regulations issued for the
Indianapolis diocese were read in
St. Mary's church here Sunday.

The rules for fasting and abstin-
ence have been modified, one change
being the abolishing of the law for-
bidding fish and flesh at the same
meal.

Special services during Lent will
be held at St. Mary's Church each
Wednesday and Friday nights. The
Lenten season will end on Easter,
which this year falls on April 20.
Easter has not fallen on so late a
date as this during the present cen-
tury.

The fact that Easter comes so
late this year is expected to be plea-
sant, rather than otherwise, to those
who make it a day of fashion and
the parade thereof. Many a time in
the last ten years Easter, coming in
March, was a day of high winds and
falling waters, streaming window
panes and dark skies. Such a day,
for the purposes of fashion's dis-
plays, was equal, of course to none.
With the season working as it now
is, and with the twentieth of April
so far away, there is reason to ex-
pect that Easter Sunday will dawn
fair and balmy and bright, and will
remain so, cloudless and calm, from
morning until the sun shall have
gone down again.

Ash Wednesday, the Fridays and
Saturday in Lent, the Ember days,
the vigils of Pentecost, Assumption,
All Saints and Christmas are days
of abstinence and fast, but owing to
the present condition of public
health, according to the Catholic
church Lenten rules, the whole dioc-
ese is exempted from the law of
abstinence on Saturdays in Lent, ex-

TO FUNCTION AFTER PEACE SETTLEMENT

League of Nations Will be Ready
For Service Early Next Fall—
Details May be Changed

NEUTRAL ADVICE TO BE ASKED

(By United Press.)

Paris, Mar. 4.—The league of na-
tions, it was believed by officials
today, will start functioning soon
after the general peace settlement is
effected, not later than early fall.

The majority of the peace dele-
gates agreed that the present draft
represents the world view as nearly
as possible and that it will be
adopted. Many of the details will
undergo some slight changes when
the constitution comes up for debate
before the general peace conference.
Numerous suggestions have already
been received from neutral coun-
tries and others will be asked to
offer ideas.

Discussion of military, naval and
air terms and the preliminary peace
with Germany will be discussed
again Thursday by the Supreme
War council. Plans for reduction
of the economic blockade is being
held up by the French continuing to
refuse permission for Germany to
pay with money and securities what
might be available reparation. Mem-
bers of the food administration hope
to straighten out the situation soon.

TO RELEASE HOSTAGE.

Washington, Mar. 4.—The British government has ordered the government of India to release one of the Bolshevik hostages held by them in exchange for American Consul Roger C. Treadwell, held by the Bolsheviks at Cashkend, the state department announced today.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frostbitten feet, colds of the chest (it often prevents pneumonia).

LENTEN SEASON BEGINS TOMORROW

Continued from Page One
cept the Saturday in Holy week and the Saturday in Ember week. The pastor may in individual cases and for good reasons dispense individual subjects or individual families subject to him, or transients in his territory from fast or abstinence or from fast and abstinence combined.

The church law of abstinence forbids Catholics to eat flesh meat and broth made of meat, but does not forbid the use of eggs and the products of milk; nor does it exclude the cooking and seasoning of food with the fat of animals. The Lenten fast and abstinence cease on Holy Saturday.

The following are the rules for those who are obliged to fast:

In the morning, coffee or tea or thin chocolate may be taken with a small piece of bread, not exceeding two ounces; but no butter or other condiments.

The principal meal may be taken in the evening; and the collation or a luncheon at noon.

The evening collation, or luncheon, ought not to exceed either the fourth part of an ordinary dinner of eight ounces.

The following are exempted from the precept of fasting:

All who have not yet completed their twenty-first year; all who have commenced their sixtieth year.

The sick, the infirm and the convalescent.

Those engaged in hard labor or other duties that are a tax on their physical strength.

Those, who, owing to their poverty are unable to procure for their principal meal a sufficiency of food. Women bearing or nursing children.

URGES RETURN OF RAINBOW

Secretary Glass Wants to Use Division in Loan Campaign

(By United Press.)

Washington, Mar. 4.—Secretary Glass today asked Secretary Baker to hasten the return of the Rainbow division so it can participate in the coming loan campaign. The date for the division's return now is set for April 26, Glass said.

Glass asked that their return be moved up at least ten days. It is planned by the treasury to hold home-coming days for the various regiments of the Rainbow division during the loan drive.

MARTIAL LAW IN BERLIN

(By United Press.)

Copenhagen Mar. 4.—The German national assembly will dissolve today, according to dispatches received from Weimar. It is not expected to reconvene.

Martial law has been proclaimed in Berlin and suburbs, according to dispatches received from that city today. Military Governor Noske has assumed executive power.

Rioting prevented declaration of martial law in Berlin yesterday, it was reported in other dispatches. Mobs disarmed police and succeeded in capturing the central police station. Governor Noske ordered all people seen on the streets after six o'clock in the evening shall be shot without warning.

FREEZING BY TOMORROW

Rush county will have another decided drop in temperature, beginning tonight according to J. H. Armstrong, meteorologist for the United States weather bureau. Rain, which will later turn to snow flurries, is predicted for late this afternoon, with the temperature dropping to the freezing point before morning. Tomorrow the thermometer will range around the freezing point and perhaps lower, it is predicted.

France's Sons Win Undying Glory

No other nation has spilled its blood more freely than democracy might live than has France. Her sons have sacrificed more of blood and of treasure than those of any other nation. The world owes France a debt of gratitude not only for this, but for a perfect remedy for stomach, liver and intestinal disorders which, it is said, has saved thousands of lives the world over. The ingredients are imported and placed on sale in America under the name of Mayr's Wonderful Remedy by Geo. H. Mayr, for years a leading Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere.—(Adv.)

Tells How Vinol Made Her Strong

Bronson, Mich.—"I took Vinol for a weak, run-down condition, and backache and had to keep up and do my housework for my family of three. Vinol has improved my condition so that now I feel like a different person."—Mrs. Albert Rose.

The reason we recommend Vinol to our customers for such conditions is because we believe it to be the most successful strength creator we know, containing as it does beef and cod liver peptones, iron and manganese peptones and glycerophosphates. The greatest of all tonics. F. B. Johnson & Co., Druggists, and Druggists Everywhere.

A Lovely Complexion!

Smooth, Velvety Skin, free from lines and blackheads may be yours by using

Boncilla Beautifier

Rushville's discriminating women will be pleased to learn that we have secured for them Mme Boncilla's famous beauty producers.

From the very first application you will note the improvement.

BONCILLA BEAUTIFIER lifts the lines out, removes the blackheads, closes enlarged pores and clears the complexion.

In a few minutes after applying you will feel the gentle pat, pat, the lifting, smoothing sensation that assures you that it is starting its good work of youthful restoration of the face as follows: Lifting out the lines and blackheads; bringing back into place the sagging skin and muscles of the face and giving strength to the relaxed, flabby, weakened tissues.

BONCILLA BEAUTIFIER is entirely different from all creams or liquids. It is in paste form, which you apply twice a week until you get the face in beautiful condition, then occasionally to keep it so. Results guaranteed.

With each jar is a printed guarantee of absolute satisfaction or money refunded.

Then for the daily toilet these will delight you.

BONCILLA COLD CREAM (a real skin food).

BONCILLA VANISHING CREAM—Protects from the weather.

BONCILLA FACE POWDER—"It clings."

Delightful, refined odor, Velvety, fine texture.

Each of our customers who have tried this beautifier tell us they are well satisfied with results.

FACE A STUPENDOUS TASK

The Rushville Co-operative Telephone company and other companies in the county today faced a stupendous task after receipt of the order from the state public service commission ordering them to make reparation for all money collected under the Burleson long distance telephone schedule and also to refund to subscribers money charged for installing or moving telephones after Dec. 1, 1918. The Burleson rates were in force for a short time between the days that Judge Anderson refused to grant a permanent injunction preventing their enforcement and a Marion county judge granted a temporary restraining order against the schedule.

Public Spirited Decatur

The people of Decatur county demonstrated Saturday that there is nothing small about them. They voted for a county general hospital as a memorial to the soldiers, sailors and marines who went to war from Decatur county, with a majority close to 600.

The people of Decatur county are public spirited. Greensburg has a magnificent Y. M. C. A. building, the gift of one of its philanthropic citizens, and a Carnegie library which stands as a testimonial to the foresight and progressiveness of its citizens.

Decatur county did not stand back on "expense" when it came to honoring the men who had sacrificed and offered to sacrifice their lives for their country. Decatur county has not the wealth, as the bank deposits testify, that Rush county has yet her neighboring county Rush decided that a county hospital was "too expensive". Saving lives costs too much in Rush county, but in Decatur county they evidently don't reckon lives by dollars and cents.

We might have had a Carnegie

library in Rushville: once upon a time, had not a city official objected to the council voting a tax because he said he did not want his town to accept any "tainted money". Yet this same city official worships at and supports a church where an organ was installed with the aid of Andrew Carnegie's money. The necessary funds were raised at that time to get a library and it would have been built and in use now but for their nearsighted and partisan officials.

Rushville and Rush county may catch up some day, but it is going to get far behind the procession if it does not have a care and avoid any more backward steps such as refusing to vote for a county hospital.

It's Not Over Yet

A little girl was taking a western trip with her father, and they were seated in the observation car passing through the beautiful scenery of the Canadian Rockies. The child was engrossed in a story book, and paid such very casual attention to the wonderful view that her father would frequently say, "Look, Beatrice, look!" Finally with a kind of resigned, impatience, the little girl said, "But, father I have looked!"

A great many people have exactly the child's attitude toward the war. They have sacrificed and they have given and they have paid and why should they need to keep on?

These people do not realize that the effects of a war live after it; that we have to pass through a long vista of conditions and results brought about by the war. Demobilization and reconstruction as well as actual

warfare are expensive processes, and it is up to Americans to continue paying the costs. Inflated war prices must decrease gradually. Income taxes will continue, and in the spring will come a Victory loan which patriotic spirit must meet as it did the Liberty loans.

The outlook is that we shall have to exercise patience and economy for sometime to come. We cannot release ourselves from obligation by the plea, "But we have given!"

No Place For Bolshevism

America has neither room nor place for Bolshevist principles. It retains its traditions as a country where every man is protected in his property rights, and the worker is confirmed in the possession of what he has toiled to procure.

Bolshevism advocates taking away all property from the men who have and turning it over to the man who have not. From their point of view existence is a tremendous grab in which the power and advantage are all on the side of the Bolshevist.

The United States wants no system which dispenses utterly with law, order, government, religion, property rights and social welfare.

The Germans carried off from the manufacturing towns of Belgium all the engines and boilers and modern machinery that they could transport. They are evidently very fond of souvenirs.

Belgium on the other hand needs no souvenirs. There is no question but that she will remember Germany for centuries to come.

Senator Borah courteously declined to attend President Wilson's "at home" to the foreign affairs committee of congress February 26th. If Senator Borah should later decide to give a pink tea at the committee rooms, would it be incumbent upon the president to send regrets?

Sap and Salt

By BERT MOSES

I hate a lawsuit as much as a woman hates wrinkles.

Do not let your sweat glands atrophy through disuse.

The first lesson in oratory is to learn what to do with the hands.

You can generally spot a liar by the noise he makes in proclaiming his honesty.

The uncommon man always rises to the surface, no matter how far back in the woods he comes from.

Hez Heck says: "The trouble about what is called 'success' is that you generally have to be a hog to attain it."

People's Column**Objects to Changing Date.**

In Friday evenings paper you printed an article from Paris telling of the plan of the French to have a new calendar, reckoning from the peace conference having next year the year one.

The French want to reckon not from the birth of Christ but from the signing of the peace treaty creating a new world.

Thereby appeal to all Christian and Christ loving people. Do you think it would be right to change the calendar at the French request? Is not the birth of our Saviour Jesus Christ greater far than the peace conference?

Now I am not saying that the peace conference was not a great thing for it certainly was a grand glorious thing. Still if it were not for Jesus Christ we would not have succeeded in this great war, for it was through his power that the victory was placed in our hands.

Now are we going to turn aside the date of Christ's birth when he has given us such a glorious victory or are we going to reckon our years from the peace conference which would not have been heard of if it had not been for the power Jesus Christ gave our allies to win the great struggle.

OLD FOLKS TAKE NEW LEASE ON LIFE

They All Look Into the Future With Confidence

This is the situation of hundreds of elderly men and women that have had a short time. Aged men and women who have been steadily declining in the regret and dismay of their relatives and friends are now hale and hearty. These men have renewed the joys and pleasant anticipation of youth, where before they had been down hill with the decline and burden to themselves and everybody around. How they all dread this and how unnecessary it is.

A lively "old timer" said to our reporter, "I am now seventy years of age and my wife sixty-five and we both feel that any remedy that will truly build up the strength and increase the power of endurance of people of our age should be known to every nervous run down, man woman and child. Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets."

Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets.

How To Prevent A Garden Cold

"Water on the knee," or even a bad cold, might have kept this Maryland boy from completing the garden that he started out to cultivate last spring.

So, when he was transplanting or doing other garden work which required him to kneel, he tied a flour bag around his knee.

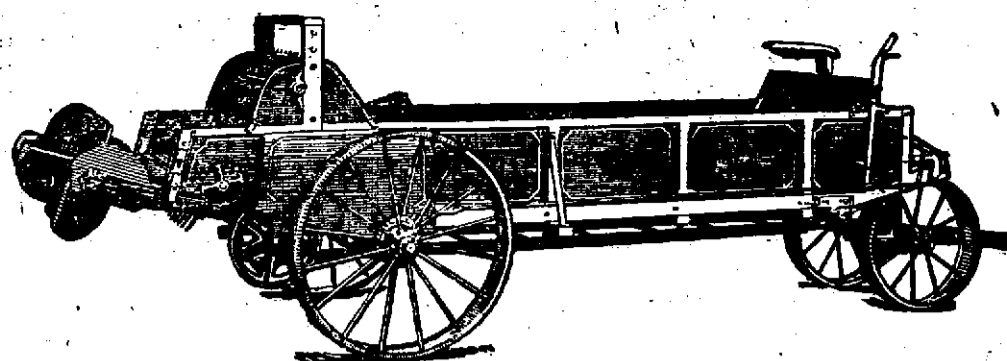

It wasn't very stylish, but it worked, and he recommends this method to other gardeners. A piece of oil-cloth or the sleeve of an old rubber coat makes an excellent protector for the knees while working in the garden.

SPICELAND PLAN FOR BIG COMMUNITY DAY

Event is Expected to Rival in Interest Popular Field Day of Many Years Ago.

TO BE GIVEN IN GYMNASIUM.

Spiceland, Ind., Mar. 3.—A community Day will be held here next Wednesday and the people of Spiceland are making arrangements for the event, which is expected to rival in interest the popular field day of many years ago. The event is designed to take the place of a farmer's institute but will be broader in scope and will be planned to attract every interest in the community.

The program will be given in the new gymnasium and it is understood that the academy will be dismissed for the day and that the public schools of the township will also be closed. The program, which is to be announced later includes speakers from Purdue university and Indiana university and an address by Lieutenant Ralph Test who has already demonstrated his ability to attract record breaking crowds. A playlet is being arranged by one of the clubs and the orchestra will provide music. The meeting will begin at 10 o'clock in the morning.

The afternoon and evening was spent socially and with music, and dainty refreshments of ice cream and cake was served.

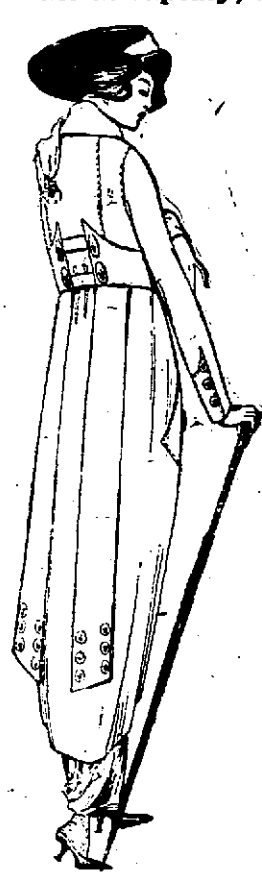

Merte Winkler entertained with a dinner party Sunday in honor of several out-of-town guests. The house was decorated in red and black, the high school colors. A bouquet of sweetpeas graced the center of the table and covers were laid for the following guests: Joan Weakley, Magdalene Arluke, Helen Matlock, Marian Carney, Florine Hinchman, Mary Louise Miller, Virginia Haydon, Aleatha Van Namee, Lucille Coers, Mable Jones, Irene Howell of Shelbyville, Agnes Holland of Knightstown, Glen Ruddell, Marlin Gibson, Sybil Arluke, Irvin Martin, Clarence Spiegel, Samuel Barnes, Harry Briggs, Lawrence Rhinehart, Harold Winkler, of Shelbyville, Lawrence Niggins and Carl Dickman of Newcastle. In the afternoon the guests motored to Greensburg.

GOODY, WOMEN'S TROUBLES

The tortures and discomforts of weak, lame and aching back, swollen feet and limbs, weakness, dizziness, nervous, as a rule have their origin in kidney trouble, not "female complaints." These general symptoms of kidney and bladder disease are well known—so is the remedy.

Next time you feel a twinge of pain in the back or are troubled with headache, indigestion, insomnia, irritation in the bladder or pain in the loins and lower abdomen, you will find quick and sure relief in GOLD MEDAL Haarlem Oil Capsules. This old and tried remedy for kidney trouble and allied derangements has stood the test for hundreds of years. It does the work. Pains and troubles vanish and new life and health will come as you continue their use. When completely restored to your usual vigor, continue taking a capsule or two each day.

GOLD MEDAL Haarlem Oil Capsules are imported from the laboratories at Haarlem, Holland. Do not accept a substitute. In sealed boxes, three sizes.

RUSHVILLE MEETS SHELBYVILLE FIVE

Local High School Team Sure to Draw Victors in Tourney Here at Sectional Tournament

LAST GAME OF SEMI-FINALS

Rushville Plays at Franklin This Year Instead of Richmond as in Former Years

Rushville high school will have a fine chance to mix with Shelbyville in the sectional tourney which will be held on the gymnasium floor of Franklin college. It has been the custom for the local quintet to compete for the honors at Richmond but as Richmond's schedule has too many teams to be handled conveniently, they will go to Franklin. There is no doubt but what Shelbyville will easily defeat those scheduled to play her up until the last game of the semi-finals when she meets Rushville. All the teams in the county go to Franklin except Milroy, which drew Richmond.

Rushville plays Nineveh at four o'clock Friday afternoon and then they will play the winner of the Arlington-Boggs-town game. Although the local team was defeated by the Shelbyville quintet in the invitational tourney held here last Saturday they do not feel that they will be the next time. The locals did not play the game Saturday night that they have been playing all season and it is thought by local fans that if the boys had hit their usual stride, they would have been victors in the tourney by a big margin. The team is doing some real hard work and is expecting to go to Franklin and bring home the bacon. There is little doubt in the mind of the boys as to the outcome of the Franklin tournament, and if the regular game is played, the Red and Black will bring home the honors, because they feel they can defeat Franklin in the final if they can eliminate Shelbyville.

The schedule of the games is given herewith:

Friday Morning

9:00—Southport vs. Franklin (1).

10:00—Manilla vs. Fairland (2).

11:00—Mt. Auburn vs. Whiteland (1).

Amusements

Thrills at the Mystic.

With terrific speed there is unfolded the greatest patriotic production of the day in "On the Jump" a timely William Fox comedy, featuring George Walsh, the famous screen comedian, which is being shown at the Mystic theatre tonight. The picture deals with Liberty Loans and George Walsh, as a salesman who emulates Paul Revere, and sells over \$100,000,000 worth.

He resigns as a newspaper report.

er when he becomes suspicious of the new proprietor and while acting as a salesman, he develops leads that later result in the arrest of the newspaper owner, and there is unearthed Germany's master plot to control the American press.

Mutt and Jeff are also on the program in a good comedy.

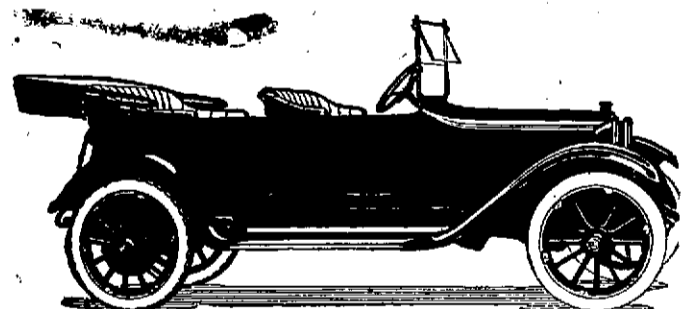

Last Time For "Husbands Only"

Several propositions have been made to Lois Weber by legitimate theatrical producers for the story rights to "Husbands Only" the Jewel drama, in which Mildred Harris was shown at the Princess theatre last night and will also be shown tonight.

Miss Weber is in two minds as to how to proceed in the matter for the title and the idea for the story were taken from a magazine story by G. B. Stern. The incidents which makes it such a tremendously interesting photoplay drama are distinctly Miss Weber's, however. In its magazine form it might possibly have made a vaudeville sketch, but with the additional incidents and complications which were devised by Miss Weber, the six reels float by so rapidly that one scarcely realizes that six thousand feet of celluloid have flitted before the eye. In its photoplay form there is abundant material for a stage success, but who owns the rights to it is a matter which is just now perplexing Miss Weber more than a little.

Tomorrow Clara Kimball Young will be shown in "Cheating Cheaters", a film adaptation of the famous Broadway stage success of the same name.

DODGE BROTHERS MOTOR CAR

To observe the car on the streets or on the road is to become instantly impressed with its beauty; to drive it is to realize all the responsiveness and power you require in a motor car.

It gets away instantaneously and skims the road silently and smoothly. The engine seems always to have more and still more power when occasion requires.

These qualities, together with the steadiness at high speed, the freedom from gear shifting, the high quality of all materials—are reasons why DODGE BROTHERS MOTOR CAR has always appealed so strongly to the public.

65TH CONGRESS BREAKS RECORD

Has 3 Sessions, 2 Known for Legis-
lative Accomplishments and 3rd
For Lack of Them

THIRD SESSION ENDS TODAY

Will be Known as the \$60,000,000-
000 Congress, Having Appro-
priated That Amount

By L. C. MARTIN
(U. P. Staff Correspondent.)

Washington, March 4—The Sixty-
fifth congress dies today. It leaves
to history a record of three ses-
sions, two of them remarkable for
their legislative accomplishments,
and the third for its lack of accom-
plishment.

The 65th will be known in Ameri-
can history as the \$60,000,000,000
congress. Its 3 sessions appropriated
approximately that amount. This
breaks all American records, and
probably all world records for a
single congress.

The congress was divided into
three sessions, and these marked
three distinct phases of activity.

The first was the war making ses-
sion. It began April 2, 1917, and
ended 188 days later, October 6.

The second was the war winning
session. It was the longest ses-
sion the American congress ever held,
lasting 354 days, from Dec. 3, 1917
to Nov. 21, 1918.

The third was the readjustment
session, lasting from Dec. 2, 1918
until today.

The war making session opened
with a declaration of war on Ger-
many passed by the senate April
4, and by the House April 6, and
immediately signed by President
Wilson.

There quickly followed a bill pro-
viding for \$7,000,000,000 bonds to
finance the war and help our allies;
a bill appropriating money for the
army, the draft bill, subjecting men
between 21 and 31 to military ser-
vice, which became law on May 18,
and the law increasing the navy and
marine corps to 500,000.

To prevent alien foes interfering
with American war plans the first
espionage law was passed in June;
to safeguard food supplies and fuel
the food and fuel act was made law
Aug. 10.

Heeding Europe's call for aircraft
congress created the aircraft board
Oct. 1. On Oct. 6 came final enact-
ment of the law prohibiting trading
with the enemy.

During this session congress ap-
propriated directly and authorized
contracts for a total of \$18,901-
966,814.

Of this, nearly \$8,000,000,000
went to the army and navy; \$640-
000,000 was for aircraft, \$7,000-
000,000 was for loans to the allies;
food and fuel control took \$162-
000,000 while miscellaneous war ac-
tivities absorbed the remainder.

The whole purpose of this first
session was to change peaceful Amer-
ica into warring America. Carry-
ing out its pledge of all the coun-
try's resources, congress appropri-
ated whatever was asked.

The second or war winning ses-
sion was occupied chiefly with in-
creasing the effectiveness of the war machine
and providing the punch to beat the
kaiser. Its appropriations were even
more prodigal, and its delegation of
power even more sweeping than in
the first session.

It added Austria officially to the
list of our enemies by a declaration
of war on Dec. 7, 1917.

It then passed in rapid succession
such measures as the \$50,000,000
housing bill, followed by a \$60,000-
000 housing bill to provide quarters
for munitions and shipyard workers;
the bill protecting civil rights of sol-
diers and sailors; created the war
finance corporation to help business
help win the war; the railroad con-
trol act, taking over the railroads;
the daylight saving law; the Over-
man act, giving the president sweep-
ing power to speed up and co-ordi-
nate departmental activities; the
third and fourth liberty loan acts,
the wire control act, under which
the telegraphs and telephones were
taken, and the law extending the
draft age down to 18 and up to 45.

It appropriated the vast sum of
\$36,208,403,000. Practically all went
to war work at home, maintaining
our army abroad, and helping the
allies with loans.

On Nov. 11, President Wilson an-

nounced the recent session that
its work had been done—the war
was won, and on Nov. 21 the war
winning session ended.

The readjustment session had
been looked to by many in and out
of congress to buckle down at once
to solving reconstruction problems,
some of which were thrust with
startling suddenness before the
country because of the crushing and
unexpectedly early defeat of the
central powers.

But congress apparently suffered
from the same reaction that affected
business and, to a degree, labor. It
relaxed after the war, and the re-
adjustment session was a session of
readjusting congress. Most of it
was spent in criticism, both by dem-
ocrats and republicans, of war mis-
takes and blunders, and in discus-
sion of President Wilson's mission
abroad and of his peace terms.

The session did manage a few ac-
complishments, however, including
the final enactment of the \$6,000-
000,000 war tax bill; appropriation
of nearly \$10,000,000,000 to clean
up war business, feed starving Eu-
ropeans, care for the railroads, and
run the vastly expanded activities of
the government.

Near its close, the senate relegat-
ed to the 66th congress the question
of woman suffrage, by defeating the
Susan B. Anthony amendment,
which the house had passed. Twice
during the 65th congress the senate
negated house action on this meas-
ure.

Wartime prohibition, so called,
was imposed on the entire country,
to begin July 1, 1919, and both sen-
ate and house passed the dry
amendment to the federal constitu-
tion, which was speedily ratified,
and becomes effective January 16,
1920.

The closing session also replaced
on the books a child labor law, the
previous one having been declared
unconstitutional. By taxing profits
from the sale of products of child
labor in the revenue bill, advocates
of this legislation declared they
have gotten around the constitution-
al objection. A test is coming on
this.

Practically no reconstruction leg-
islation was passed. The third ses-
sion failed to settle the permanent
policy on railroads or telegraphs,
and was unable to agree whether
the executive or legislative branch
of the government should supervise
general reconstruction policies.

During the entire congress but
chiefly in the second session, there
was a conflict between congress and
the President. In the many clashes,
the President was invariably able to
impress his will when a war meas-
ure was up. His only signal failure
on any measure was on woman suf-
frage.

He failed with the country when
in the fall of 1918 he appealed for
election of a democratic congress to
co-operate with him in reconstruc-
tion. Both house and senate will be
republican in the 66th congress.

MANURE SPREADER

Every man who is at all familiar with, or is making a study of the
question of barn yard manure for fertilizing the soil, realizes the vast
waste as a result of DELAY IN GETTING THIS MATERIAL ON THE
SOIL. Every man who knows anything about this subject appreciates the
waste due to burning, seepage and atmospheric deterioration, but very few
fully realize what an ENORMOUS waste this actually is.

The up-to-date modern farmer is considering just as carefully the
placing of the fertilizer on the field AT THE PROPER TIME, as he is giv-
ing attention to the disposing of his hogs and cattle at the exact time
when the market price is right.

He cannot handle this material successfully every week in the year
except with a machine that will work successfully in cold weather as well
as in warm weather. Here's where RUSHVILLE SPECIAL Spreader
stands out prominently as an unconditional success, and here is the
answer WHY.

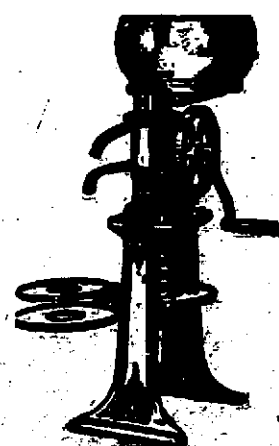

This spreader has the only SELF-CLEANING, FORCE-FEED END-
LESS Conveyor manufactured. Materials falling through the top in cold
weather won't clog and freeze on the under sections as it does on all other
machines, and therefore put it out of commission. This spreader will go
through snow drifts with two horses where other machines will keep three
horses busy on a good road.

The distribution is perfect and if you can see your tracks in the snow
the next day you will know that you are not overlapping or leaving a blank
space. You can't depend on this with the irregular distribution as found
on other machines. The SELF-OILING Bearings on RUSHVILLE
SPECIAL Spreader do away with the cutting and wearing-outs common
to other spreaders, because of failure to oil under freezing conditions.

The RUSHVILLE SPECIAL Spreader sticks to the ground. When the
horses go the wheels turn. This is because of good traction and light
draft. The only successful combination for icy, slippery ground.

OBITUARY

Again has the death angel passed through our midst and taken from us our beloved friend and mother. Mrs. Diliah Jennie Stevens, who was born at Dearborn Co. Ind., near Moores Hill on Feb. 26, 1855, and passed from this life on Friday morning, Feb. 28, 1919, at seven o'clock, in the Good Samaritan Hospital of Kokomo, Ind., at the age of 64 years and 2 days. She was united in marriage to Geo. W. Sweet of this county on Sept. 23, 1873.

To this union was born 7 children, 2 having preceded her to that bright and better home, at an early age 4 sons: Frank of Cleveland, Ohio; Lyonel of Indianapolis, Ind.; Samuel B. and Charles M. of this city, and one daughter Mrs. Mary Edna Etchison of Kokomo, Ind. remain. Also a brother Taylor Stevens and 14 grandchildren and a host of friends and relatives to mourn her loss. Mr. Sweet also preceded her to his eternal home on Sept. 22, 1913.

At an early age Mrs. Sweet united with the Methodist church at Tipton and has lived a life long member. Jennie Sweet as she was familiarly known has lived for a number of years in this city. Mrs. Sweet was a dutiful wife, a kind and loving mother and in years to come her children and grand children will rise up and call her blessed when they recall the many kind and loving deeds rendered for them by her in the years that have gone.

It is our loss but her gain to the children and family I will say. Be still sad heart and cease repining for behind this dark cloud the sun is shining and it will only be a few short days until you will join with those loved ones on the bright and better shore where parting will be no more.

FILE MORTGAGE EXEMPTIONS

Real Estate Owners Allowed 50 Per Cent Mortgage Value

Owners of real estate have already begun filing their mortgage exemptions, which may be placed on file in the county auditor's office any time between March 1 and May 1. The present tax law allows a tax exemption of fifty percent of the amount of the mortgage up to \$700, which is the limit.

The assessors were hard at work today, listing real estate and personal property for taxation. Information from surrounding counties is to the effect that the assessors will follow the instructions of the state board and assess all property at 100 percent.

TO PICK CANDIDATES

Indianapolis, Ind. Mar. 4.—The nominating committee of the Woman's Franchise League met here today to choose candidates for various offices, who will be balloted on at the general convention in April.

Mrs. Richard Edwards of Peru, who has served as president for two years, declined to accept the office for another term. The nominating committee is composed of the thirteen district chairmen.

Does Your Food Kick Back?

Thousands upon thousands are taking Pepsinco, the marvel of the 20th century, because they could not eat a meal without distress, pain and a disagreeable bloating.

Today they are better, able to eat what they want and when they want. They took Pepsinco.

Do you feel bad after eating? Take Pepsinco. They will aid digestion. No pain, distress. It's like living life over again when you take Pepsinco. The absence of pain and sourness makes you contented and happy.

Mr. R said Pepsinco saved his life simply because he did not dare eat things good for him and he was slowly starving to death. Pepsinco helped him.

All Druggists sell and recommend Pepsinco.

SESSION NEAR END WITH MUCH TO DO

The Final Week of Legislature Opens With Many Problems to be Solved.

FIGHTS CENTRALIZATION

Tax Bill was not Referred to a Special Committee and Entire Body Will go Over It

(By United Press.)

Indianapolis, Mar. 4.—The final week of the legislative session is on with both houses facing a tremendous amount of business. That there would be a general slashing on the part of both houses during the last few days, was probable.

There was considerable dissatisfaction in the house over the rule adopted in the upper house that a bill would not be considered unless it had the unanimous support of the committee. Thus one man on a committee in the senate could kill a bill, if he opposed it.

The test of strength on the part of those opposing the program of Gov. Goodrich was expected to come in the senate this afternoon when the tax bill was to be considered by the senate as a committee of the whole, having been postponed yesterday.

Lieut. Gov. Edgar D. Bush who has been opposing some of the main administration measures throughout the session, planned to take the floor and lead the fight against the centralization of power which is carried in the tax bill.

Bush will oppose granting the state board of tax commissioners power of the entire taxation system of the state, especially over the township assessors. Under the terms of the bill as it now stands, the assessors would be appointed by the state commission.

The tax bill was not referred to a special committee of the senate, but the entire body this afternoon expected to go over the bill clause by clause amending or changing it where it was believed advisable.

When the senate finally adopts the bill, it will be necessary to refer it to a conference committee of the house and senate to agree on the amendments.

In the house this afternoon, the specific appropriation bill was to be taken up. The bill contains several new provisions, which are departures from former custom and will be the subject of considerable debate.

One clause provides that relatives of state officials, trustees and superintendents of various institutions may not be employed by the state. Relatives who are barred are husbands, wives, sons, daughters, nieces, nephews, sons-in-law and daughters-in-law.

The bill also contains a provision providing for appointment of a non-partisan commission to investigate the entire subject of salaries of state officials and state employees and report to the next session of the legislature. The committee will also investigate living conditions in Indianapolis and submit a salary scale, which it believes in proportion to the work done, and living conditions, is just. The persons who would be affected by the commission are those hired by heads of departments, who also fix their wages.

The appropriation calls for about \$3,500,000. It includes \$500,000 for the contingent fund of the governor.

Another important clause in the bill provides that when the state board of education ballots on adoption of text books, all ballots shall be open.

MAKERS OF SCOTT'S EMULSION

Nervousness and Headaches Caused by Acid-Stomach

There is a much closer connection between the stomach and brain than most people imagine. It is because of this close connection that indigestion, belching, sour, gassy stomach and other stomach miseries—all of which are sure signs of acid stomach—are so often followed by severe attacks of blinding, splitting headaches.

Nervousness, sleeplessness, irritability, mental depression, melancholia and many other disorders which affect the brain can also nearly always be traced to the same source—acid-stomach.

So often you hear people say "I am so nervous I think I'll try to pieces," or "It seems I never get a good night's sleep any more, my nerves are all on edge." Little do they dream that acid stomach is the direct cause of their troubles because very often there are no pains in the stomach at all. So you see, you can't always judge an acid-stomach condition by the way your stomach, itself, feels.

If you are weak, nervous, unfit—if you are not up to your old time form—if you lack your accustomed enthusiasm, energy and pep—make this test and see if it isn't acid-stomach that is holding you back—robbing you of your health, strength and vigor. Get a big box of EATONIC—the wonderful modern medicine that so quickly puts an acid stomach to rights. It is in the form of pleasant tasting tablets that you eat like a bit of candy. EATONIC rids the stomach of excess

acid. Brings instant relief from indigestion, heartburn, sour belching, food repeating, bloating and gas and makes the stomach cool, pure, sweet and comfortable.

Dentists warn us against the bad effects of acid mouth, pointing out that the acid eats through the enamel of the teeth, causing them to decay. You can easily imagine then the amount of damage excess acid will cause to the delicate organization of the stomach!

Thousands of people are using EATONIC and the results obtained are so remarkable as to be almost unbelievable. Yet their letters of gratitude, many of which are received daily, prove absolutely that EATONIC does all and even more than we claim. The medical profession, too, recognizes the great value of this wonderful remedy. A learned Michigan doctor wrote recently: "I have had such wonderful success with EATONIC that I want every one to know how quickly it will neutralize the acidity of the stomach (acid-stomach) and the stomach will soon be sweet and normal again, and the sick man well and happy once more."

So be sure to get a big box of EATONIC from your druggist today. If it fails in any way to give you the kind of satisfaction you want, take it back—he will refund your money. He doesn't want one penny of your money unless EATONIC helps you.

The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres.

Disc twenty acres with a seven-foot tandem disc.

Harrows forty-five to fifty acres with a 15-foot harrow.

Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator.

Harvest ten acres with a corn binder.

Cut twenty acres of wheat with an eight-foot binder.

Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.
